## Summary

A highly motivated and multilingual cybersecurity student specializing in Ethical Hacking and Digital Forensics with a strong foundation in **full-stack web development**. As a core team member of India's top 1% CTF team, TRIADACTF, I excel in **OSINT** and thrive in competitive, fast-paced environments. I am eager to apply my technical and leadership skills to an internship or entry-level role in cybersecurity.

## Education

### **Bachelor of Computer Applications (BCA)**

*Specialization in Cyber Security, Ethical Hacking, Digital Forensics*

**Yenepoya University**, Bangalore

*Expected Graduation: July 2026*

## Skills

- **Cybersecurity:** Ethical Hacking, Digital Forensics, Open-Source Intelligence (OSINT), CTF Competitions, Vulnerability Assessment
- **Web Development:** Full-Stack Web Development, JavaScript, React, Node.js, Python, Django
- **Data Analysis:** Data Modeling, Power BI
- **Languages:** English (Native), Hindi (Native), Malayalam (Native)

## Experience & Leadership

### **Core Team Member | TRIADA CTF**

- Contribute to one of India's **top 1%** cybersecurity CTF teams, participating in national and international competitions.
- Specialize in **OSINT**, gathering and analyzing intelligence to solve complex challenges.

- Collaborate with team members to develop strategies and solve problems under pressure.

## **Leadership**

- Completed the "**Leading Teams: Developing as a Leader**" course, gaining skills in team motivation, management, and development.

## **Volunteer Experience**

### **CTF Event Volunteer | TRIADACTF, Yenepoya University**

Sep 27, 2025

- Assisted in the organization and execution of a campus-wide Capture The Flag (CTF) event.
- Provided technical support to participants and helped manage the competition platform.
- Contributed to creating a challenging and engaging experience for all attendees.

## **Certifications**

- **Foundations of Cybersecurity** - Google (Coursera)
- **Data Modeling in Power BI** - Microsoft (Coursera)
- **Leading Teams: Developing as a Leader** - University of Illinois Urbana-Champaign (Coursera)

## **Conference Attendance**

- Attended various cybersecurity conferences, gaining insights into the latest industry trends and networking with professionals.
